## Truther, Birther, Deather, Part 4

*"Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of somebody, are afraid of something. There is a power so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that prudent men better not speak above their breath when they speak in condemnation of it."*

– President Woodrow Wilson, *The New Freedom*, 1913

Part 1: Obama lied about Osama's death.

Part 2: Obama lied about Obama's birth.

Part 3: Obama perpetuates the lies about 9/11. (He is likely being blackmailed by those who know about all those lies.)

I can't prove any of the above. But evidence suggesting all three official stories are falsehoods is strong, while any evidence supporting them is non-existent, flimsy, or absurd.

So, you may ask, "What *IS* the Truth?" That is harder to pin down, and, in cases like 9/11/01 or 11/22/63, there are so many "truth" layers, and so many insisting *they* have the *ultimate* Truth (even when it couldn't be possible for *all* versions to be true at the same time), one might logically conclude that the sheer volume of both information and *dis*-information is part of the ploy to keep the Truth hidden, or, as some claim, ignored even when "hidden in plain sight."

So, when it comes to what really happened on 9/11, I refer to the words of Jon Gold, one of the most dogged 9/11 researchers:

"We don't exactly know what happened on 9/11, or who was ultimately responsible. Anyone that acts like they do know is full of it. Anyone that tries to force you to accept their 'truth' is full of it. Anyone that accuses you of being this or that for not accepting their 'truth' is full of it. That is all. Carry on."

Or as Jack Ruby (Lee Harvey Oswald's assassin; after all, we saw it happen on TV!) stated to reporters after being permitted a new trial:

"Everything pertaining to what's happening has never come to the surface. The world will never know the true facts, of what occurred, my motives. The people that had so much to gain, and had such an ulterior motive for putting me in the position I'm in, will never let the true facts come above board to the world."

Reporter: "Are these people in very high positions?"

Jack: "Yes."

For me to have access to these and similar ultimate Truths, I'd have to be one of a very select elite few; but, if so, what would I be doing *here* telling you all *this*?! As the movie line goes, "I *could* tell you, but then I'd have to kill you." Conversely, I could be part of a vast disinformation army, designed to sow confusion and misdirection, at the behest of the previously hinted-at "The Powers That Be" (TPTB); the *semi*-elite group is larger, and mostly made up of media pros (journalists, pundits, film-makers, actors), politicians, mid-echelon members of secret societies, and experts in psychology and social engineering. They often have ties to the CIA, which, itself, is incestuously inter-connected to the global "intelligence community," whose ultimate allegiance is to serving TPTB rather than their own individual nations.

Truly understanding only this, you would be better armored to navigate the mine-fields of words and images bombarding you daily in a war for control of your mind. Our so-called "real" world is increasingly less real, and more and more a *Matrix*-like construct of TV scripts and movie-like illusions, authored by TPTB and fabricated by the military-industrial-intelligence-media-drug complex. TPTB are so confident of your dense, sheep-like stupidity and easy manipulation, they dare to reveal dozens of secrets

in movies like *The Matrix* ("The world that has been pulled over your eyes to blind you from the truth."), *Wag the Dog* ("War is show business."), or *1984* ("Freedom is Slavery").

Indulge me for now and accept these assumptions:

Most of what you see on TV is not "real." Is it logical that in the whole wide world of events, three "competing" TV networks showed the exact same "news" items, in the same order, each night? Or that, when I was filmed for a *CNBC* show about Walmart, they had me "act natural" by doing the same unconnected actions over and over so they could pick which parts to splice in to fabricate a narrative? When it comes to visual effects, technology can now fake just about anything. And all this vast power is in the hands of a very few men whose own agendas neatly converge with the goals of TPTB, or else they soon bend to them.

Who are TPTB? Men (mostly) in the shadows, whose wealth and power can be traced back through carefully-guarded and cultivated bloodlines for centuries, if not millennia. They hold to feudal beliefs and rituals; take great stock in numerological/astrological/anniversary date connections; sit upon, beside, or behind thrones; choose directors of banks/corporations/governments/churches; and set the agendas for barely-visible political/economic fronts (Bilderbergers, Council on Foreign Relations, Trilateral Commission, World Bank, International Monetary Fund).

They are at the center and highest ranks of secret societies so secret we don't even know what they are named, but Freemasonry, Skull & Bones, Knights of Malta, Illuminati, etc. are their creations and tools, as are banks, depressions, governments, kings, popes, dictators, wars, movements... and much of what we call "history." *They* believe they are entitled to all this, and those who serve them believe it too, not just because of their actual wealth and power, but because of the sheer persistence of beliefs, myths, and traditions... plus overt and covert mind control.

They always control the latest and most powerful technologies and knowledge available. They even claim secret ancient knowledge (or genes) passed down from superior aliens or inter-dimensional beings. (It doesn't matter if that is true, or even possible; *they* believe it, and so do their lackeys.)

All this is arranged like a pyramid (e.g., the one on the back of a one dollar Federal Reserve Note heralding "the New Order of the Ages"), with a few at the top, then layers and layers of sub-elites, then the masses of sub-humans (*us*) who exist only to serve *them*. ("Like everyone else, you were born into bondage. Into a prison that you cannot taste or see or touch. A prison for your mind." – *The Matrix*)

In 1933, President Franklin Roosevelt wrote, "The real truth of the matter is, as you and I know, that a financial element in the large centers has owned the government of the United States since the days of Andrew Jackson."

Men like Philip Zelikow, who wrote about "new Pearl Harbors," and outlined the roadmap that led to 9/11 (and then headed the bogus 9/11 Commission to "investigate" it!) are just lackeys for TPTB; even the Cheneys, Bushes, Kissingers, or Dulleses were mere employees... even the Hitlers, Mussolinis, Lenins, and Stalins were financed and used by these men in shadows for their own purposes.

And I can go right on saying this, because they know you won't believe me, and it wouldn't make any difference if you did. Whether the Truth turns out to be incredibly bizarre or boringly mundane, they are so many layers and steps removed from what we are shown as "real," that they live and act with impunity, beyond reach or accountability.

Their ultimate weapon is Mass Distraction and focused misdirection. The evidence is everywhere... and nowhere. But if, by some chance, I turn up mis

*(At this point, Mr. Krulick's draft abruptly ends. We hope nothing sinister has happened, and that his promised mini-movie about 9/11 will be submitted soon.)*
